The Association agrees that the District will secure **volunteers for sporting events (ticket sales, chaperones, scorekeepers which includes book and clock)**. In the event that the District cannot secure volunteers, the work will be offered to unit members as a paid position prior to offering the work to interested individuals outside the unit. Paid positions are according to Appendix B in the unit agreement. The District commits to use savings realized as a consequence of this concession during the 2012-2013 school year to create before-school and/or after-school remedial programs for elementary students.
